SPRING&SUMMER

SWIMMING APPAREL

- RACING LINE** A line of swimming clothing and accessories designed for advanced training and competitions.
- CARVICO** Carvico fibre made of 100% polyester or nylon and therefore absolutely chlorine-proof and UV protective (UPF 50+). It is breathable, fast drying and it ensures a perfect fit.
- CHLORINE RESISTANT** The material provides 100% chlorine resistance.
- UV PROOF** The material provides 100% UV resistance.
- QUICK DRY** Synthetic materials are characterised by a short drying time, which ensures comfort during and after exercise.
- BIG BELLY** A pregnancy outfit. Stretchy fabric and ruched side detail for easy movement and comfortable fit. Stiff bra cups to hold and shape the bust during any activities in water.
- MOLDED CUPS** Moulded cups sewn permanently into swimwear do not move providing comfort of use.
- REMOVABLE MOLDED CUPS** Removable moulded cups in the swimwear improve comfort and allow individual matching.
- ADJUSTABLE STRAPS** Adjustable bra straps allow for individual matching, ensuring perfect support of the bust.
- HIGH WAIST PANTIES** High-waist briefs will emphasize the advantages of your body, while concealing its imperfections.
- BUILT-IN BRIEFS** Built-in linen pants

increase the comfort of use during training. They provide excellent moisture discharge, dry quickly, do not cause allergies, and are resistance to bacteria and fungi.

APPAREL ACCESSORIES

- AIRWAY** Used synthetic materials ensure free air flow, which provides the user with a feeling of comfort while practicing various physical activities.
- QUICK DRY** Synthetic materials are characterised by a short drying time, which ensures comfort during and after exercise.
- TWO-SIDED** Two-sided material allows for wearing hat on the right or on the left side.

SHOES

- AQUASHOES** Designed for persons practising water sports. They have a harder sole protecting against stones so they are ideal for walking in water and on rocky beaches.
- SYNTHETIC MATERIAL** Shoes made of a synthetic material (PVC, PU, TPU, rubber) are easy to maintain, offer a large range of colours and designs.
- TEXTILE** This fabric is based on a network of natural and artificial fibers - footwear utilising it proves to be lighter and more breathable.
- MESH** Synthetic mesh provides excellent breathability of the footwear. Owing to this, the footwear is lighter and quickly discharges moisture to the outside of the upper.
- RB RUBBER** Sole made of RB rubber is slip resistant, flexible, and waterproof. It perfectly insulates the foot from the

- TPR** TPR RUBBER Thermoplastic rubber is characterised by high strength and resistance to low temperatures. The sole made of this material is durable and wear resistant.
- PHYLON** EVA PHYLON Thanks to innovative manufacturing technology, EVA Phylon foam is extremely light, flexible and has excellent cushioning properties.
- EVA** EVA FOAM EVA foam adapts perfectly to the foot. It is lightweight and flexible, thereby providing excellent cushioning while maintaining a small weight.
- REMOVABLE INSOLE** The possibility of removing the insole.
- WATER DRAINAGE SYSTEM** This technology allows water to quickly drain out of your shoes.

- CP LENS** Super flexible, comfortable lenses.
- MIRROR** The MIRROR coating eliminates reflections, reduces the amount of light entering through the lens and gives the glasses a characteristic mirror look.
- REVO** The REVO coating perfectly reflects ultraviolet radiation, eliminates reflections, improves contrast and gives the lenses a characteristic rainbow color.
- TOTAL VISION** Swimming goggles with a larger lens ensure a wider field of vision.
- LIQUID SILICON** Liquid silicone applied adapts perfectly to the face due to its softness and flexibility. It is highly transparent, which improves the comfort of view.

SWIMMING ACCESSORIES

SWIMMING GOGGLES

- UV 380** Additional UV coating provides protection against solar radiation UVA and UVB.
- POLARIZATION** The polarizing coating eliminates reflections, improves contrast, ensures clarity of vision and protects eyes from radiation. Swimming goggles with polarization are dealkically suitable for swimming in open water areas.
- ANTI FOG** Additional coating prevents evaporation and significantly improves visual comfort.
- POLY CARBONATE** The polycarbonate

- EASY ADJUSTMENT** The system of adjustable straps ensures better fit of the goggles to the face, and thereby prevents the penetration of water under the silicone during swimming.
- NOSE PIECE ADJUSTMENT** Removable nose pieces ensure better fit of the goggles to the face.
- HYBRID CAP** The two-layer cap construction - the internal material ensures comfort similar to a lycra cap, and the material it is coated with guarantees waterproofness (except for seams).
- SEAMLESS** A seamless swim cap designed for athletes. Wrinkle-free cap which minimizes water resistance and does not slip off during starts and turns.

TOWEL / PICNIC BLANKET

- MICRO FIBER FABRIC** Microfibre is a quick and super light synthetic material. It is resistant to tear and fraying. Towels made of microfibre are compact and fully absorb water.
- QUICK DRY** Synthetic materials of which the towels are made are pleasing to the touch and dry fast, which ensures comfort during leisure.
- PACKED INTO A COVER** Additional towel cover makes it easier to transport the towel.
- ALUMINIUM ISOLATION** The aluminium layer insulates from the cold or humid ground.

- CAMERA MOUNT** Integrated mount for most popular action cams.
- TEMPERED GLASS** The tempered glass applied in the masks is resistant to scratches and breakage, owing to which it is safe for the eyes and face. In the case of breaking, the glass breaks into many pieces without hurting the face.
- LIQUID SILICON** Liquid silicone applied in the mask flange adapts perfectly to the face due to its softness and flexibility. It is highly transparent, which improves the comfort of view.
- EASY ADJUSTMENT** The system of adjustable silicone straps ensures better fit of the goggles to the face, and thereby prevents the penetration of water under the silicone during diving.

- POLARIZATION** The polarizing coating eliminates reflections, improves contrast, ensures clarity of vision and protects eyes from radiation.
- POLY CARBONATE** The polycarbonate from which the lenses are made is a durable, unbreakable material, resistant to scratches and UV radiation.
- REVO** The REVO coating perfectly reflects ultraviolet radiation, eliminates reflections, improves contrast and gives the lenses a characteristic rainbow color.
- TR90 FRAME** Grilamid TR90 of which the frames are made ensures lightness, elastics and strength of the glasses.

DIVING ACCESSORIES

- ONE-LENS** One-lens mask with one glass provides a wide field of view while diving.
- TWO-LENS** Two-lens mask has two glasses (divided at the height of the nose).
- NYLON FRAME** Mask without external frame ensures larger field of vision and provides better grip.
- LOW PROFILE** Low-profile snorkel mask reduces water resistance and provides panoramic view. Ideal for snorkelling and diving up to 3m below the surface.
- NON-PULLING STRAP** Designed to keep mask strap from pulling hair.

- WAVE GUARD** The plastic end of the pipe limits the ingress of water during diving on the surface of the water. Highly visible orange colour increases user safety during diving.
- PURGE VALVE** Bottom valve is designed for fast discharge of the water from the pipe. Silicone of which it is made is resistant to deformations.
- DRY TOP VALVE** Top valve protects the pipe against the ingress of water at the moment of breath-holding.

SUNGLASSES

- UV 400** UV400 filter ensures 100% protection against UVA and UVB solar radiation.
- FILTER 3** The filter category determines the degree of light permeability.

BAGGAGE WATERPROOF COVER

- WATER AND DUST RESISTANT** Resistance to water, dust, and other contaminations.
- BACKPACK/BAG ETC.** ERGONOMIC BACK Soft fitting of the back panels ensures comfort and precise fit of the backpack, even under heavy load.
- SHOE COMPARTMENT** Compartment for shoes.
- ORGANIZER** Built-in pocket with multiple compartments is a perfect organiser for pens, notepad, and other small items.
- INSULATED** Product with insulated construction - helps keep your goods cooled.
